

1 CONNECT

There are two ways you can join a OneLink project:

A. Connect with one of our ministry partners.

For a complete list of OneLink's ministry partners visit:

onelinkinternational.org

B. Apply to OneLink directly

If your campus does not have a ministry that partners with OneLink, we will directly facilitate your application process.

2 APPLY

onelinkinternational.org

To access the application and see a complete list of requirements, visit our website and click "apply now."

The application deadline is
Nov. 1st

*Your campus or church may have a different deadline

3 INTERVIEW

After you have applied, a staff member, your church or campus ministry will need to interview you.

They will work with OneLink to prayerfully assess your readiness to serve overseas this summer.

Interviews must be completed by Mid-December.

4 ACCEPT

Once OneLink notifies you of your acceptance status, you must confirm your assignment and submit a non-refundable \$75 acceptance fee by the due date in December.

5 PREPARE

Preparation for a OneLink trip involves:

Fundraising: Work with your church or campus group to reach your goal.

Online Training: Complete a series of 8 lessons with your team.

Orientation Week: Attend an extensive, week-long training experience.

- Orientation takes place in May, see onelinkinternational.org for specific dates.

6 SERVE

Most teams will depart for their assignments in late May/early June. Trips typically range from 4-8 weeks.

- You will live and minister overseas alongside experienced, long-term partners, who have a vision to invest in you.
- Together, you and your team will have the opportunity to see God move among people with little to no access to the Gospel.

For sample projects visit:
onelinkinternational.org

**OneLink has agreements with some ministry partners to use a modified timeline for application and acceptance of projects. If you are applying with one of our partnering campus ministries, please clarify all deadlines with a campus ministry staff member.
