

STEP 16: PLANNING AHEAD & NEXT STEPS - ALUMNI & VISION CASTING

Casting Vision for both OneLink Alumni and Future Students

Create a Culture of Going

The last step in the OneLink Project Cycle is to cast vision to OneLink alumni for a lifetime of Kingdom-mindedness, helping them reintegrate their experiences back to ministry on campus and beyond and to help cast vision for the next generation of students. You can begin to build a culture in your ministry that looks towards the Lord's global plan - both on your campus and in the nations.

One of the strongest motivating factors to a student going overseas is hearing a direct recommendation from their peers.

Vision Casting Tips:

- **Alumni Follow-up**
 - Stay connected as you can with recent alumni and help cast vision for integrating what they have learned into their current context.
- **Alumni Pay it Forward**
 - Most recent OneLink alumni will be excited to join the work of recruiting next year's team members. Ask them to help:
 - Share their story at events
 - Help you personally recruit students
 - Help you create promotional materials and creative ideas
 - Assist you with team logistics tasks in the new season
 - Challenge them to go again or replace themselves twice!
